FACILITIES

Mountain State College is made up of three campus buildings. All buildings are air conditioned, well lighted, and easily accessible.

1508 Spring St. – “Albert Grant Sine Hall”, named for the College's founder, houses the College's Administrative Offices on the first floor.

509 16th St. – The “Tech Building” houses five classrooms including a medical lab. Facilities are available in this building for student body assemblies and large gatherings.

501 16th St. - The “Student Union” houses the Learning Resource Center and the Student Union.

Dependency Disorders Technology Program

The objective of this program is to develop graduates who will be technically proficient in dealing with the problems of addiction in a variety of settings and function under the supervision of a health care professional. Graduates can expect entry level employment as a Behavioral Health Tech, Substance Abuse Counseling Assistant, and other positions needed in prevention and education programs.

Program Objectives:

- Understand the concept of the twelve core functions of the addiction counselor
- Develop interviewing skills
- Prepare to be able to develop treatment plans, discharge planning, and after care
- Gain knowledge of the role of the family and/or significant others and how they impact on the addiction process
- Gain knowledge of the pros and cons of Alcoholics Anonymous and the relationships to all varieties of addiction
- Learn how to develop a relapse plan
- Gain knowledge of psychopharmacology drugs
- Gain knowledge of West Virginia laws that are applicable to those with problems with dependence
- Promote ethical behavior and professionalism befitting a health care professional
- Develop a balanced view of the major concepts of various therapies and the practical techniques in the therapeutic process
- Provide a comprehensive understanding of the skills and strategies that are critical in the counseling process
- Understand the role of 12-step self-help groups in recovery from addiction
- Develop communication skills necessary for effective interaction with other members of the health care team
- Foster investigative and critical thinking skills
- Gain knowledge of how agencies work through participation in the externship
